Education

(Bachelor of IT, Diploma of IT Professional Practice)

January 2024 - December 2027

University of Technology Sydney

I am in my first year of University at University of Technology Sydney and am very proud of my academic achievements.

I currently hold a 6.25GPA, and a copy of my results is below:

41039: Programming 1 - 89 (High Distinction)

31266: Introduction to Information Systems - 86 (High Distinction)

31268: Web Systems - 75 (Distinction)

31265: Communications for IT Professionals - 72 (Credit)

(Higher School Certificate)

January 2018 - December 2023

William Clarke College

- During my high school years, I completed the NSW Higher School Certificate (HSC) with a strong focus on subjects relevant to the IT field, including Software Design and Development, Investigating Science, and Mathematics. I consistently demonstrated analytical thinking and problem-solving abilities, achieving a Band 5 in Mathematics Standard 2. My studies in Software Design and Development equipped me with foundational programming skills, and my coursework in Investigating Science and Engineering Studies further honed my ability to approach technical challenges methodically. These experiences have prepared me well for a career in IT, where attention to detail, logical thinking, and technical proficiency are essential. Below is an excerpt from my most recent school report from my tutor (pastoral) leader.
- "Mason is an enthusiastic, hardworking and outgoing student who has shown great leadership." - Ms Simone Phillips.

January 2011 - December 2017

Baulkham Hills North Public School

- In primary school, I demonstrated early leadership and technical skills by serving as a House Captain and becoming the go-to person for IT assistance among my teachers. My role as House Captain allowed me to develop strong communication and organizational abilities, leading my peers in various school activities. Simultaneously, I was frequently relied upon to troubleshoot and resolve IT-related issues, showcasing my aptitude for technology from a young age. These experiences laid the foundation for my interest in IT and my ability to take initiative and lead in technical environments.

Work Experience

IT Consultant, Retail and Warehouse Assistant

January 2021 - Present

Sweet Chocolate Warehouse, Baulkham Hills, NSW

- Consult on and recommend potential IT solutions to improve business operations.
- Implement and manage various IT solutions and services across the organization.
