University of Technology Sydney (currently studying)

I am in my second year of University at University of Technology Sydney and am very proud of my academic achievements. I currently hold a 6.00GPA, a snapshot of my results to date are below:

41039: Programming 1 - High Distinction
31266: Introduction to Information Systems - High Distinction
41181: Information Security and Management - High Distinction
31268: Web Systems - Distinction
31269: Business Requirements Modelling - Distinction
31265: Communications for IT Professionals - Credit
31271: Database Fundamentals - Credit
41092: Network Fundamentals - Credit

William Clarke College
January 2018 - December 2023

I completed the NSW Higher School Certificate (HSC) at William Clarke College in 2023 with a strong focus on subjects relevant to the IT field, including Software Design and Development, Investigating Science, and Mathematics. In year 11 I gained early entry to Macquarie University and Western Sydney University for degrees in Cyber Security, and to UTS for Computer Science. I subsequently gained the required ATAR to accept an offer at UTS for a Bachelor of IT, Diploma of IT Professional Practice.

Work Experience

IT Consultant, Retail and Warehouse Assistant   January 2021 – March 2025
Sweet Chocolate Warehouse, Baulkham Hills, NSW
- Consult on and recommend potential IT solutions to improve business operations.
- Implement and manage various IT solutions and services across the organisation.
- Provide ongoing support and maintenance for IT infrastructure and systems.
- Receive and process customer online orders, ensuring accuracy and efficiency.
- Label and package individual online orders, adhering to company standards.
- Complete and file supporting paperwork for each customer order, ensuring compliance and organisation.
- Pick, weigh, package, label customer orders, maintaining accuracy and quality.

Teacher, Camp Facilitator   January 2021 - Present
Code Camp, Sydney, NSW
- Led and nurtured children aged 5-12 in a holiday camp environment, focused on developing foundational IT skills.
- Taught a diverse range of IT-related subjects, including coding, web design, and animation, using age-appropriate tools and programming languages.
- Designed and delivered engaging lesson plans that encouraged creativity, problem-solving, and technical proficiency in young learners.
- Assisted students with various technology-related challenges, applying problem-solving skills to help them navigate issues with software, hardware, and coding logic.
- Implemented strategies to simplify complex IT concepts, making them accessible and understandable to students with varying levels of technical knowledge.
- Collaborated with other educators to develop curriculum content and improve teaching methodologies, contributing to the continuous improvement of the program.
- Provided feedback and progress reports to parents, highlighting student achievements and areas for further development in their IT skills.

Assistant Technician   **January 2019 - Present**
Tom Sparkes Instrument Repairs, Hornsby, NSW

- Followed detailed instructions for the disassembly, repair, and reassembly of various musical instruments, ensuring precision and care at each step.
- Performed maintenance and repair tasks on instruments, including troubleshooting issues and replacing or repairing components.
- Ensured that all instruments were reassembled correctly and functioned properly after repairs, conducting thorough quality checks.
- Maintained a clean and organized workspace, adhering to safety and cleanliness standards to facilitate efficient repair processes.
- Collaborated with team members to share best practices and improve repair techniques, contributing to overall service quality.
